

Membership Application

The Alliance for Nonprofit Excellence is a member organization committed to strengthening nonprofit agencies that meet community needs. Founded in 1992, it now serves its members through four divisions: Training, The Grant Center, Consulting, and the Program for Nonprofit Excellence, a three-year capacity building initiative to develop healthy, sustainable organizations. As a management support organization, the Alliance helps agencies improve their effectiveness through sound management and governance principles, and works with them to secure national funding. By becoming a member of the Alliance, you will find a home in the nonprofit community and have access to a broad network of support that will help your organization fulfill its mission. Annual membership fees are based on a sliding scale dependent on each organization's annual revenue. Most member benefits, including a range of programs, goods, and services, are covered by the annual fee. Some Alliance programs and services involve additional charges, all of which are reduced significantly for those who are Alliance members.
